

SVM Arts and Commerce Women's Degree College

Ilkal

Institutional Distinctiveness:

More female students are from rural areas. The college strives to work in accordance with its vision and mission. Most villager's formers and parents continue to follow old traditions in the ever-changing environment of liberalization, privatization, and globalization. In order to strengthen the power of women on broad bases and bring each village back on track, the college staff worked hard to persuade motivates and promotes higher education, especially for girls. In this context all residence formers and illiterate people in neighboring villages are aware of the level of higher education and the restrictions imposed by the state and the central government. This has led to an increase in the number of students from rural areas, even if the college is located in the city the uniqueness of this college lies in our respected president Shri. GURU MAHANT SWAMIJI is committed to promoting higher education in key locations in Karnataka although all this has attracted the attention of villagers illiterate and formers.

Because of their religious background they succumbed to their daughters to continue studying instead of dropping out of school early and marrying their daughters out. The distinguished president founded our college for female students giving students the opportunity to educate and train all their family members, which will be a great force in our country. One of the best college experiences all students have is the parenting of college faculty the history of college blues students.
