## Overview of Deshpande Skilling

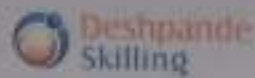

Deshpande Skilling is a pioneering residential skill development organization that was started by the Deshpande Foundation in 2010. It was born out of the pressing need for skilled human resources to power the growth of the 100+ social impact organizations the Foundation was working with. Rural youth, with education ranging from primary school to graduates, were equipped with essential hands-on skill sets currently in demand in the local economy. They also cultivated exemplary personality traits like discipline, hard-work, sincerity, resourcefulness and most importantly, a problem-solving mindset, which enabled them to secure gainful employment in local enterprises with significantly higher salaries compared to their peers.

Today, DS has grown to become recognized as India's leading skill development organization, which not only teaches youth necessary skills for employment but makes them learners for life. Our alumni have soared to great heights as entrepreneurs and intrapreneurs, bringing glory to their employers and more importantly, to their families and communities who had given up hope. DSians are the torchbearers of a new India - they shatter glass ceilings, break barriers of class, caste and region and look at every problem as an opportunity for personal and professional growth.

## Department of Commerce

### Report of Industrial Visit (MoU activity 2021-22)

Industrial visit is an effective method of learning through participation. As an activity of department MoU, the department of commerce organized an industrial visit to Basavashree Granite Industry, Ilkal on 30/06/2022 for B.Com IV semester students. The purpose of Industrial visit is to expose the students to Industries for developing collaboration activities and getting the knowledge of Tiles production and its trading process.

With the prior permission and guidance of Principal and Manager of Basavashree Granite Industry, 48 students and a faculty started journey from the college at 9:45am through a private vehicle. The team reached the Granite factory at 10:00am. At the beginning of the visit, the team met the Manager and experts in the premises of the factory. The experts interacted with students and faculty for a few minutes and then took inside the factory. Then explained us the internal working environment of factory and then about the production of tiles, availability of raw material, cutting, polishing, packing of final product and environmental aspects. After this all we moved and watched the actual ongoing process of tiles production. Students interacted with experts all doubts raised by students were answered satisfactorily. The students and faculty met the manager. The visit team congratulated the manager for giving this visit opportunity. Visit under MoU activity was very informative and students were highly benefited. Industrial visit was finished at 12:30pm by proposing vote of thanks to all who helped during the visit. The team left the factory 12:45pm travelled to Ilkal and reached the college at 1:15pm.

With this activity the students come out with a practical knowledge, human resources, pollution control measures and above all brought a positive change in their thinking.
