FEEDBACK REPORT 2020-21

The feedback report on curricular aspects was collected from employer was analyzed by the Internal Quality Assurance Cell (IQAC).

The employers were asked many questions regarding relevance of the course, adequacy of syllabus, competency level of our students etc. They opined that KSWUB has framed the syllabus according to the need of the society but the courses were not based on industry need. Many alumni of our college have been appointed in different institutions of our society in various hierarchies. The management members opined that their proficiency, knowledge, communication skills are really good and contributing to the successful operation of our society. They advocate that the syllabus need to change to provide up to date knowledge to the upcoming students to face the global challenges. They proposed that the government needs to take a bold step to introduce NEP syllabus to impart knowledge and skill to the future students.
